## Company Classes

Company Classes are designed for dancers seeking more rigorous training in their pursuit of becoming a more complete and well rounded dancer. At Woodlands Ballet Theatre, it is our mission to support growth and promote the value of consistent training toward meeting the goals of each of our dancers. If you are interested in Company classes for the Spring, dancers will need to enroll in prep company classes if they are under the age of 13. They will be evaluated during classes the first couple of weeks and then recommended for company placement. If the dancer is 13, they will need to enroll in Company 1 classes and the same process will be followed for placement. Current Company dancers will remain in their current placement until company evaluations in August 2023. If you have any questions or concerns, please feel free to reach out to me or our educational director, Naomi [info@woodlandsballettheatre.com](mailto:info@woodlandsballettheatre.com).
